Hi Team:

Another outstanding day for the news briefing. It was actually discussed at our morning meeting, particularly the coverage of the Flint hearings. You got it all and we really appreciated how you included there were 3200 media outlets covering the Flint story. Also, I've heard that

earlier in the week that the Administrator mentioned how much she liked the briefings. Kudos to the team and thank you all for your hard work on this.

Have a great weekend!
